GSB THABA TSHWANE UNIT POTJIEKOS

The GSB Thaba Tshwane members held their social interaction on Friday, 26 April 2013 at Supply Support Service. The aim of this exercise was for members to relieve stress they experience from their daily work, to know each other more and to work as a team. This social Interaction was celebrated in different style as it was not a competition, some chose to Braai and some preferred potjiekos.
